

Read how two egg-raisers cleared in one year \$6.41 per hen, or over \$12,000 PER YEAR on their flock of 1953 hens

THE ordinary poultryman will say it can't be done—that \$2 to \$3 per hen is the very utmost that even an expert can make, clear. He will say that even if a few experienced men could make \$6.41 per hen, it is impossible for two mere beginners to do it.

And yet that is exactly what the Cornings, father and son, DID DO in 1908. Starting five years ago with only 30 hens, with no experience, with Prof. Gowell's bulletins as their foundation, with many experiments and much hard work, this was the result in 1908—over \$12,000 profit from 1953 laying pullets. Read the whole story in the

CORNING EGG BOOK

(entitled "\$6.41 per Hen per year"). Not what the Cornings might do, or could do, or want to do, but what they DID DO. No impossibilities, no wild promises of fortunes from a few hens in a dry-goods box. Simply a cool, careful, comprehensive account of how scientific egg-raising makes money (\$12,000 per year) for two hard-headed business men.

Are All Recognized Poultry Systems Back Numbers?

The Corning Egg Book tells everything—where the Cornings find their market, why they raise only white-shelled, sterile eggs, how they keep hens laying regularly in winter, when they hatch chicks that are to do their best work in December and January, how to mix the feed that produces the most eggs, how to prevent losses, how they found the best breed for egg-producing, and how their whole system works to that one end—eggs, eggs, EGGS. Many photographs of the Cornings' Sunny Slope Farm, with complete working plans of their buildings, showing brooder and laying houses, colony houses, breeding pens, door and floor construction, etc., etc. From these plans any builder can reproduce the plant, in whole or in part.

(This last winter the Cornings had 3,000 hens, and in January were getting 75 cents per dozen for eggs.)

So important has the poultry industry of this country become, and so valuable do we consider this book to all poultry owners, that we have made arrangements with the publishers of the Corning Egg-Book which enable us to make the following extraordinary offer:

THE MORNING OR EVENING STANDARD for three months and two years' subscription for the FARM JOURNAL and the CORNING EGG BOOK, outside of Ogden City by mail, for \$2.00. In Ogden City or by carrier for \$2.75.

Farm Journal has for thirty-three years conducted a poultry department known the country over for the ability of its editors and the value of its contents. It is the standard monthly farm and home paper of the country, with already more than 750,000 subscribers. It is for the poultryman, gardener, fruitman, stockman, trucker, villager, suburbanite, the women folks, the boys and girls. Regardless of what you may think NOW, you will find Farm Journal is for YOU, too. Clean, clever, cheerful, intensely practical.

Cut out and send this coupon.

Standard, Ogden Utah—Please send to my address the Corning Egg Book, the Farm Journal for two years and the Standard for three months. Find enclosed \$2 if outside of Ogden, by mail, or \$2.75 if in Ogden City to pay for same.

Lowest Prices—We made a purchase at clean-up sale of Felt, Silk Velvet, Silk and Satin, untrimmed shapes, this season's most popular styles, which we have placed on sale at \$1 and up. Our trimmed hat special sale, are the best values in the city for the money. Stafford Millinery Co., 2367 Washington Ave. (Formerly 3rd floor, Wright's.)

Called Home—Frank Fouts, local agent of the Denver & Rio Grande railroad, left last night for Collyer, Kan., where he has been called by the serious illness of his mother. During the absence of Mr. Fouts, A. Kahn will be in charge of the Ogden D. & R. G. ticket office.

One of Dr. Rich's flats will be for rent December 1st.

J. A. Clarkson, passenger agent of the Chicago, Burlington & Quincy railroad at Kansas City, was in Ogden visiting railroad friends today.

Coal—If you want the best; if you want full weight, John Farr, phone 27.

Charles J. Helber, traveling passenger agent of the Wabash railroad, with headquarters at Denver, Colo., was in this city today.

First Mask Carnival of the season will be given at the Auditorium Skating Rink, Friday, Nov. 18. Suitable cash prizes will be given.

The Viola Allen company arrived this morning from Salt Lake City. The company is on its way east after a tour of the coast.

FOR SALE—2,000 tons standard coals. See Portland, Ogden Sewer Pipe & Clay Co.

Forest Service Men—Supervisors J. E. Jewell and L. L. Pringle, of the Wyoming National forest at Ashton, Wyoming, are spending a short time in the city doing special work in the forest office. Mr. Jewell will attend to affairs connected with the federal grand jury before his return to the Wyoming forest.

BEAUTIFUL HATS for \$3.00 and \$4.00 at FIVE POINTS MILLINERY.

Morgan Case—In the case of William Morgan, administrator of the estate of David Morgan, deceased, the plaintiff has been granted until November 22, to prepare, serve and file notice of intention to make a motion for a new trial. This is a case in which the plaintiff is suing for the ages, the court at the recent trial granting a motion for non-suit at the conclusion of the testimony for the plaintiff.

Hot and cold specials at Ward & Drumm's. Two favorites.

Pride for Reservoir—The superintendent of the waterworks department of Salt Lake, Thomas Hobday, visited Ogden a part of yesterday, the guest of Superintendent Kirchner. Mr. Hobday is loud in his praise of the Ogden system, making the statement that the new concrete reservoir at the head of Twenty-third street is undoubtedly the finest reservoir to be found in any state.

Here on Church Work—Prof. S. H. Goodwin, of the Proctor Academy of Provo, was in the city last evening attending matters in relation to the Ogden system, making the statement that the new concrete reservoir at the head of Twenty-third street is undoubtedly the finest reservoir to be found in any state.

Contractor Here—County Attorney Jacob Evans, former Sheriff George Storrs of Provo made a hurried trip to Ogden yesterday. Sheriff Storrs was one of the heavy contractors, under the Utah Construction company in this city, and did much construction work on the Western Pacific. With a large outfit, he spent about four years on the work.

C. J. Helber, traveling passenger agent of the Wabash railroad, passed through Ogden this morning, on his way east and visited some of his railroad friends in this city for a short time.

On a Mining Deal—J. S. Garrison, of the firm of Garrison & Garrison, has returned from a trip to California where he is interested in mining property. Mr. Garrison is a prominent mining man of San Bernardino, returned to this city with Mr. Garrison. It is expected that a large mining deal will be consummated between the two men.

Wreck in the Yards—A Denver & Rio Grande passenger engine collided with a string of freight cars in the local yards this morning and two of the cars were badly smashed. No one was injured by the collision. The passenger engine was No. 735. It was not running at a high rate of speed. While the accident occurred at 3 o'clock this morning it was nearly 6 o'clock before the train was able to clear the track for traffic. The cause of the collision is still in question.

Marriage Licenses—Marriage licenses have been issued to William F. Roudeshush and Amelia F. Guilbert of Ogden; Charles S. Edwards and Berle L. Longuecker of Ashton, Idaho.

C. E. Birdsell of this city left today for Chicago, where he will attend to some matters of business.

Goes to Ohio—Miss Rachael Kiel, who has been in Ogden for several months as a trained nurse, left today for Toledo, Ohio, where she will spend the winter.

C. D. Brown, who has been visiting friends in Brigham and Ogden for several weeks, left this afternoon over the Harriman lines for his home in Morland, Ky.

Opening Day—J. S. Lewis will formally open his new jewelry store Saturday evening, the opening hours being from 7 to 10. Mr. Lewis has spared no expense to equip his new place, and the display of jewelry which will be viewed by the visitors will be one well worth seeing.

NOTICE TO HOLIDAY CUSTOMERS.

Allow us to enlighten you on the best popcorn in Ogden; corn that is guaranteed to comply with all pure food and drug acts. Popped by one of the most expert men in the city. Why? Because he has the very latest machine on the market that washes dry and sterilizes every kernel. The machine is the largest and most up-to-date machine constructed; he also carries popcorn roaster daily, and fresh as can be found, and makes a specialty of HOT TOMATOES. Don't forget to trade with BILLIE SUMNERS, the American Popcorn Wagon at the corner of 24th and Washington Ave.

VALUATION WITNESSES IN COURT

The condemnation proceedings in the case of the City against Mrs. Ellen Stevens, Henry Wessler and John Stimson, are drawing to a close. The case may be submitted to the jury this afternoon.

The question of the valuation of the different interests has occupied the time and attention of the court and jury since yesterday afternoon. Carl Rasmussen, A. A. Wenger and F. L. Woods, prominent real estate men of the city, testified that they considered the property worth from \$20,000 to \$22,000, Rasmussen estimating it at the smaller sum and Mr. Woods the greater. These gentlemen were witnesses for the defendant.

J. C. Nye and H. H. Goddard for the city estimated the value at from \$12,000 to \$16,000. Mr. Goddard claiming the greater figure and Mr. Nye the lesser.

The household of Wessler and Stimson was valued at about \$50 per month from July 23, this year, to August 1, 1911, for Mr. Wessler and about \$125 per month for the same length of time for Mr. Stimson.

FUNERAL HELD IN SIXTH WARD

The funeral of Joseph Houlther was held yesterday afternoon in the Sixth Ward meeting house, Bishop W. O. Ridges officiating. A large gathering of friends of the deceased were present and the casket was banked with flowers.

The musical program was an impressive one. A duet, "I Need Thee Every Hour," was sung by Mrs. Mary Farley and Orson Griffin. Mr. Griffin also rendered a solo, "O, My Father," and Mrs. Farley sang "Sometime We'll Understand." A trio, composed of Mr. Griffin, Mrs. Farley and Mrs. Mary Jones rendered the touching hymn, "Softly and Tenderly Jesus is Calling."

The speakers were Thomas A. Shreve, C. L. Larkin, W. R. Wheeler, Wright and Bishop Ridges. Many words of praise for the deceased and comfort for the bereaved came from their lips.

FAMOUS ANTI-NUPTIAL PAPERS

New York, Nov. 17.—Mme. Cavaliere-Chanier, wife of Robert Winthrop Chanier, is still in possession of the original of the famous anti-nuptial agreement, and is inclined to let go of it. It would appear from what the fair singer's brother, Oreste Cavaliere, said when he arrived on the steamer George Washington from Europe today.

Chaniers have made several propositions to my sister, I said, said, "they want to get back that paper, that agreement. They don't care whether she stays in Europe or comes to America, but they do want that agreement which they signed."

Told me that the report here that \$250,000 had been sent abroad for which, "Sheriff Bob's" wife was to promise that she was to remain in Europe, he had only one word of comment.

"Ridiculous," he said.

He declared it would not surprise him if his sister left France for America about December 1st.

WOMAN CABBIES ARE KINDER THAN MEN

PARIS.—The league for the protection of horses, which keeps a sharp eye upon the doings of the brutal Paris cabbies, in a report which it has just issued has a good word to say for the "femme cochere," of whom there is a large number in Paris.

The officers of the league have found that the women treat their horses much better and show them more consideration than do their masculine rivals.

It is very rarely that the women drivers use the whip, and the inspectors of the league say they have often found women caressing their animals while waiting for a fare, and even offering tit-bits in the shape of lumps of sugar.

With the men the whip is the only article. Whenever a Paris cabbie takes it into his head to bolt, for it is generally too weak physically to run very fast, it has been found that the poor animal has been tortured into madness by the lash.

WHAT EVERY WOMAN KNOWS.

That if she were a man she could make a better living for her wife than her husband does.

That if she was as pretty as her neighbor is she wouldn't be so self-conscious.

That Miss Biful must have chased the village catch or she wouldn't have landed him.

That a face veil hides the rouge, the given size is smaller.

That what he belts make one look longer waisted.

That false hair may be washed in gasoline satisfactorily. It remains fluffy and keeps its color.

That high shoes are ugly and that even if it is cold in winter, one must wear low shoes with short skirts.

That some of the best appearing men sell neckties at \$12 per week.

SHE VISITS ALL THE JAILS

"Mother Wheaton," the well-known traveling expounder of Christian doctrine and good cheer to those in the prisons of the country, visited Ogden yesterday afternoon, held brief services with the inmates of the city and county jails.

Mrs. Wheaton is well night the 80 year mark in life, but seems to be as vigorous as she was a number of years ago in the work she has undertaken.

The lady is known all over the country. The only prisoner in the county jail who had met her before, is John Woods, the negro who is serving time for assault. He met Mrs. Wheaton at the state penitentiary.

LOS ANGELES IS TO BE UNIONIZED

Los Angeles, Nov. 17.—"The American Federation of Labor will apply millions, if necessary, to unionize Los Angeles."

This was the declaration contained in a telegram received today by Anton Johannessen, one of the witnesses before the special grand jury which is investigating the Times explosion, from Olaf Tveitmo, secretary and treasurer of the California Building Trades council, who left Los Angeles last week after giving his testimony in the alleged dynamiting case, to attend the convention of the National Labor organization in St. Louis.

In the telegram, Tveitmo declared further that the federation viewed with satisfaction the progress of the movement to strengthen the cause of labor unions in Los Angeles.

Johannessen had planned to go with Tveitmo to attend the St. Louis labor gathering, but the grand jury refused to give him permission to leave the state, although it extended to Tveitmo the privilege of continuing his testimony upon his return from the convention two weeks hence.

Sixth race, futurity course, selling—Lumen, 112; Silk, Arthur Rouse, New Capital, Directello, Ocean View, 109; Lottay Heywood, Zahara, Billy Rouny, Veopasion, 104.

NATIONAL MINE RICH AS A MINT

Shipping Nearly Third of a Million Dollars a Month in Bullion.

M. J. Mooney, who resides in Salt Lake, is out from the National Mines company property, which is an assayer. He came out as far as Winnemucca with the second consignment of bullion from that property since November 1, valued at \$60,000. The first consignment was sent out, November 2 and was valued at \$80,000, and this rich ore is sent direct to the mint at San Francisco.

Last month the National Mines company properties produced \$240,000 worth of gold ore, and this month the company will increase its shipments to \$300,000. The last consignment of a large amount of bullion was made by Mr. Mooney, as the company has arranged for new plans to ship this high-grade ore. In the future it will be sent by rail to the mint, first being case into three-pound bars. This is done by special arrangement with the government and does away with the expense of guards that are required whenever larger consignments are made. The mine is situated about eighty miles distant from the railroad station at Winnemucca.

At a depth of 525 feet the rich ore has been found. It is a strong and well defined vein which gives every indication of permanency. The high-grade ores show as much as \$150 to the pound, while the mill product runs from \$50 to \$100 to the ton. The general average of the mill product runs about \$500 to the ton. The \$60,000 worth of bullion just consigned to the mint was taken from about 2400 pounds of ore, and the total expense of operations is estimated to be 20 per cent of the ore shipped. With a net profit of 80 per cent of shipments made, the company is piling up a surplus in the neighborhood of \$200,000 a month, after its dividend requirements of \$50,000 a month are made.

The company has a slow speed Lane mill of small capacity. Plates and vanners are used, and the saving of values is placed at about 95 per cent of the entire mineral contents. There is considerable value in the tailings owing to the richness of the ores treated. This will be worked over later after the company has its other work well in hand.

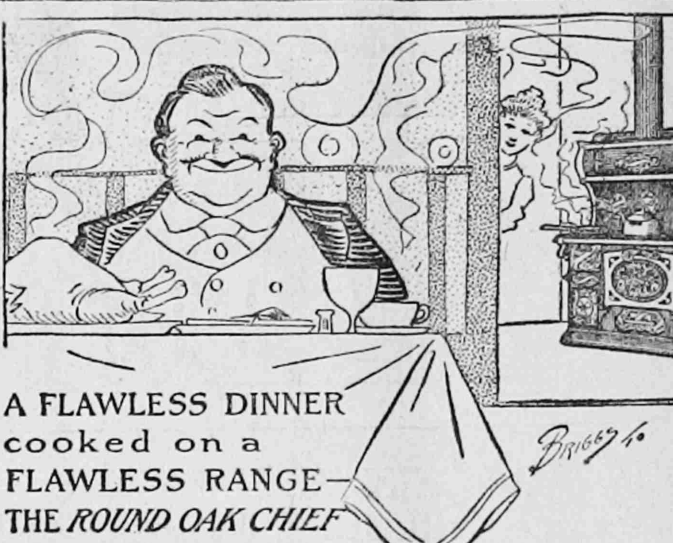

Mr. Mooney says that all the properties are looking good, especially those leases on the National company ground. The Hyde lease has struck some rich ore at a depth of about 50

SAD SPECTACLE IN POLICE COURT

John McCarthy, arraigned in police court this morning for being drunk, was the most sorry looking spectacle that has faced the police magistrate in many days. McCarthy pleaded guilty to having been unlawfully drunk, but could not tell where he had come by his numerous facial bruises.

The prisoner's face showed an irregular net work of cuts and bruises which appeared to have been executed with a knife. He was fined \$5 or five days.

W. C. Clifford, charged with vagrancy, pleaded not guilty and, on recommendation of Detective Pender, his case was continued and he was placed under a bond of \$100. It is likely that the charge of vagrancy will be changed to lewd and lascivious conduct. Clifford was arrested in a Twenty-fifth street rooming house.

W. C. Critchlow, charged with allowing his horse to stand without being tied, forfeited a bond of \$5 by not appearing for trial.

Carl Brighton and G. Fuji, each charged with allowing untamed horses to stand on the streets, were fined \$5 apiece.

Edith Wilson, arrested for vagrancy, forfeited a bond of \$15 which she had deposited at the time of her arrest.

W. H. Davis forfeited a bond of \$10 on a charge of vagrancy.

SAN FRANCISCO MUST HAVE THE OPEN SHOP

Seattle, Nov. 17.—The directors of the proposed Panama-Pacific International exposition at San Francisco were notified last night that the United Metal Trades association of Washington and Oregon would co-operate toward obtaining the endorsement of the government for San Francisco only on condition that the fair be constructed under the "openshop."

This action was endorsed by the Seattle Employers' association. The United Metal Trades association comprises the steel and iron working industries and shipbuilding plants of Seattle, Portland, Tacoma, Spokane, Everett, Bellingham and other Pacific northwestern cities.

The Aero Club.—J. H. Keate today filed articles of incorporation of the Aero club, the incorporators and officers of the organization being designated as George Frye, president; J. H. Keate, secretary; R. W. Green, treasurer; F. J. Goebel and James Taylor, directors. The object of the Aero club, as stated in the articles of incorporation is to maintain club rooms, cultivate good fellowship, furnish opportunity for social intercourse for its members and generally improve social conditions among its members.
